Tradition:

Congratulations on being a member of the 2018 Patriot Track and Field program. Lincoln has a proud tradition of track and field excellence dating back to the 1960's. Any athlete wearing the Patriot uniform should look at it honor and privilege to represent Lincoln High School. Lincoln has won 13 Boys team titles and six Girls team titles in its rich history. We are traditionally one of the largest high school sports program in the state. In the past 10 years, the Patriots have sent 55 athletes to compete collegiately – 21 of them at the Division one level. We hope that each athlete through his or her hard work and dedication will continue this proud tradition of excellence for generations to come.

Philosophy:

The Lincoln High School Track program is committed to promoting overall athleticism and maximizing each athlete's full potential. In addition to being competitive at the highest levels in South Dakota, the Patriot track program will strive to create a team of multi-sport athletes who value hard work, mental toughness, discipline, competition, and team unity. Our team's culture will be one that is inclusive of all athletes, one in which athletes desire to be part of something bigger than themselves, and one in which athletes will have a belief in themselves that they can do something extraordinary. Every athlete on the team has a gift – our goal is to develop that gift to its maximum potential.
